Donor Egg and Sperm Services

There are times for some patients when utilizing their own biological eggs or sperm may not be an option. Reproductive Associates of Delaware understands the challenge this can bring. That is why we incorporate streamlined options for both egg and sperm recipients. Reproductive Associates of Delaware utilizes the top egg donor and sperm donor facilities in the US. We have built a strong, trusting, discrete, and ethical relationship with the following facilities.

Donor Egg Services: X & Y Consulting, Inc.

X & Y Consulting, was founded in 1997 by Diana Thomas, who is currently President of this organization. X & Y is based in Arizona, and they have donors all across the United States and Canada. X & Y has over 100 qualified women on their roster ready to proceed with egg donation at any given time. They can be reached by phone at 602-678-1906 or e-mail at info@EggDonorsNow.com. For additional information you can visit their web site www.EggDonorsNow.com

Donor Sperm Services:

We partner with three sperm donor agencies, all of which do infectious disease screening and genetic screening on all sperm donors.

- **Fairfax Cryobank**—located in Fairfax, Virginia.
